

The Many Galaxies of Mickie Dalton, , 2008, Michael Davies, 0981808719, 9780981808710, Mickie Dalton Foundation, 2008

Nearly a year has passed since Mickie Dalton joined the massive inter-galactic trading ship and began the search for his origins and answers to the mysteries of how his people, the Pfafth vanished from the Universe over a million years ago, where they went and how they could be hiding from even the universal telepaths, the Speakers. As the ship continues its travels trading between species on planets in many Galaxies, small hints are found that the Pfafth are "SOMEWHERE." As he matures, Mickie finds more and more of the astounding powers of the Pfafth and sometimes he is frightened of just how much more he will develop. But not only are Mickie's powers growing, so too are those of the ancient enemy, the Sillaron, a mysterious and ancient species that is seeking the Pfafth to destroy them finally. Then the Pfafth begin to reveal themselves and as more is learnt about the million year-old war between the Pfafth and the Sillaron, Mickie is confronted by the truth of what happened to his people and why they fled to a Space outside of Space and a Time outside of Time. Now he must contact them and save the entire species from destruction by a merciless enemy. This is the second book in the Mickie Dalton Trilogy.
